

# 2025 GA Propane Commission Safe Appliance Rebate Form

This form must be completed by a participating propane dealer. Submission of the application form constitutes a representation on the part of the participating propane dealer that the work shown on the form has actually been completed. A safety inspection must be performed after the installation of each new qualifying appliance(s) and the results of that inspection must be documented on this form in a manner acceptable to the GA Propane Commission. Minimum requirements of the safety inspection are located on page 2 of this form.

This form and a proof of sale, service and/or installation for the customer reflecting the amount of the rebate as a credit of each appliance must be submitted to the GA Propane Commission for the dealer to be eligible for consideration of any rebate(s). Failure to furnish all necessary documentation will result in the dealer being declared ineligible for consideration of any rebate(s). The results of the required inspections must be recorded on page 2 of this form and must conform to industry standard practices. The GA Propane Commission and the Southeast Propane Alliance assume no liability for a dealer and/or customer being declared ineligible for consideration of any rebate(s).
