COMMENTS ON SERVICE/REPAIR/ALTERATIONS

This inspection covers gas distribution system equipment visible and readily accessible to the service technician and represents the conditions existing on the date of inspection. It does not cover latent or manufacturing defects, the internal workings of sealed equipment or structural components, and cannot be construed to cover future or unforeseen happenings existing on the date of inspection.

have informed the service tech to any gas appliance on my proper	nnician of all gas-burning appliances, gas ty.	lines and unused piping not connected
☐ I have been informed of what d appliances.	eficiencies, repairs &/or alterations, if ar	ny, were made to my gas system or
Thave been told what to do if I turn the gas supply off at the tank	smell a gas odor or otherwise suspect a por cylinder.	gas leak and have been shown how to
☐ I have smelled propane gas and	can detect its odor.	
☐ Tam satisfied with the service w	ork performed.	
☐ I have received the safety inform	mation and been told to read and share	it with all family members.
☐ I have read and have been expl	ained and understand the above statem	ents.
